Scott,

Thank you for giving us an opportunity to review the 114. I found it to be extremely well-developed and clearly written (as expected coming from R8). I have offered some suggestions based on our recent enforcement efforts in the sector. I provided a lot of context in my comments, most of the information you already know. I did so for the benefit of others that may read it; and to help when my suggested revision was not clear. Feel free to have you or your staff contact me directly with any questions.

Thanks,

Chris
